Editorial

* * * * *

BY the time this copy of the Chat appears in print we shall have played our last home game for 1942/43 and as our fourth War Time Season draws to a close one wonders to what extent present conditions differ from those of a pre-war season.

So used have we at home now become to our War Time Football that it is difficult to remember the excitement and disappointments of Cup Tie Results and League Tables and perhaps a real comparison will be impossible till some member who has been away since 1939 returns and assesses our present achievements in the light of the football he remembers.

The general atmosphere is much the same as in our early Southern Amateur days, for whilst the incentive to top the League is missing, we have in its place ambition to justify fixtures with more talented opponents. Consequently games are just as keen and watched by a steadily increasing band of supporters.

In the stand one misses the somewhat vociferous partisanship which often characterised our audiences of bygone days, but if mistakes are not so readily denounced, good play seldom goes by uncommended.

In the pavilion after the game there is always a crowd to discuss events over a cup of tea, and conversation and reminiscences flow unchecked when the skippers entertain as of old, whilst an innovation is a flourishing social section in the lounge.

There is of course a constantly changing membership and one misses many of the old faces, not only among the players but also the Vice Presidents, many of whom are evacuated and only visit us on rare occasions.

We have travelled a long way since those gloomy days of October 1939, when it was only the enthusiasm and undaunted spirit of a very few members that decided that the Club should carry on, and perhaps this is the first season in which we have come near to recapturing the old spirit of progress.

To start with we were content to play only local fixtures and view with complacency a heavy excess of Expenditure over Income. This year we have added attractive fixtures to our list and balanced our Budget, an achievement of which we are justifiably proud.

Next season may well bring even greater difficulties than we have faced already, but if we can only maintain the spirit that has carried us so far we shall succeed not only in preserving the Club for our serving members when they return, but greatly increase its reputation in A.F.A. Football.

1st XI REPORT.

Since our previous issue the results of the First XI have been as follows :—

Played 13, won 7, drawn 2, lost 4, goals 61—42.

Combined with the results for the first two months of the season, the position for 1942/43 up to and including 20th March is :—

Played 23, won 13, drawn 4, lost 6, goals 102—68.

Considering war-time conditions, our worthy Match Secretary has done excellently and has provided the side with a fixture each week despite considerable difficulties on a number of occasions. A few of the opposing sides—through no fault of our Team Secretary—have been rather weak but on the whole the games have been very enjoyable.

On December 5th, we visited Edgware Town, a strong combination playing in the Middlesex League and a strenuous game resulted in a win for the home side 4—1, Jennings notching our solitary goal. The ground was very heavy, good football being handicapped thereby, but we might have made a drawn game of it if a number of chances had been taken in the second half.

The Hill had a comfortable win over Old Stationers the following week away by 7—2, although the home side scored first. Keenan has taken a liking to this ground for he got 3 goals there earlier on in the season and on this occasion claimed 5, including a hat-trick. We were well worth our victory, because whereas the first half had been evenly contested, we were undoubtedly superior upon change of ends and varied our methods of attack skilfully.

The next week at home we lost a very enjoyable and keenly contested game versus the Irish Guards by the narrow margin of 1 goal, the score being 5—4. The Hill were the first to attack strongly and from one of his typical lightning drives, Jennings at centre forward went but inches wide of the upright. The Guards retaliated, however, and from close range opened the scoring giving Chapman no chance. We soon equalised but the visitors, using fast open methods—and despite the best efforts of our defence especially Cooper, Wiseman and Chapman—scored a further 3 goals so that we were 4—1 down at the interval. With a re-organised vanguard the Hill fought back magnificently and with 15 minutes to go we had reduced the deficit to 1 goal. Tremendous pressure was then exerted for the equalising goal particularly with good drives from Jennings and Frank Thompson but the Guards defence held firm.

On Boxing Day we had our customary match against Broomfields and as the game at Fords Grove was in aid of Charity (The Southgate Prisoners of War Relatives Association) it was previously well publicised and we had a large number of spectators. A hard game resulted in a draw 4—4, after the Hill had led 3—1 at half time, and we would probably have had a comfortable win but for the unfortunate absence throughout the second half of Jimmy Horwood (right half) owing to injury. An enjoyable tea and bar session were had after the game and the skilful Dutch-auctioneering by Joe Hulme of an old bottle of beer brewed by the Duke of Windsor (kindly put up by Len Thompson) added £10 to the monies to be handed over to the Charity.

On January 2nd we opened the New Year by avenging a previous reverse earlier in the season by R.A.P.C. (K) in beating them away 3—2. The game, although keenly contested, was not highly skilful, and too many passes, on both sides, were going to opposing players. The defences, generally speaking, came out uppermost and in particular Ashby and Frank Thompson on the Hill left flank did well to hold Harper and Haskell who were the best of the Pay Corps attack.

The Hill came unstuck the following week at home versus Metropolitan Police (N.S.Y.) and lost deservedly 6—1, although an injury to Jennings early on proved a severe handicap. The

Police employed long passes to the wings throughout and their superior weight and height on a frozen pitch enabled them to add 5 goals after change of ends after they had led by 1—0 only at half time. Hatch, on leave from the Army, scored our solitary goal.

January 16th found us visiting Barclays Bank at Norbury when we went down to the tune of 12—3, the score being 6—0 at the interval. It sounds almost fantastic but the fact is that the Hill had more, if not considerably more, of the game, the fault lying almost entirely with the bad marking of the defenders and a poor display by our goalkeeper. The Bank were well served by a nippy set of forwards who when they got near goal shot well and truly and an excellent performance by veteran K. N. Hunt in their goal kept the Hill's total down to three.

We made amends the following Saturday for the two successive defeats by beating Metropolitan Police (N.S.Y.) at home—in the third encounter—6—2 thus winning the "rubber." This game was in marked contrast with the previous match against New Scotland Yard, the Hill being superior throughout and in particular their attack combining excellently.

Winchmore Hill gave a fine display in the match the next week against Coldstream Guards at home and beat the visitors 2—1 in a fast game despite the heavy going. We attacked from the start but it was not until half an hour that we were able to penetrate the strong defence of the Guards when Jennings converted a good pass from the left wing. The visitors equalised shortly after but Keenan gave the home side the lead just before the interval with a characteristic dribble followed by a shot into the corner of the net which gave the goalkeeper no chance. There was no score in the second half but the game was interesting and exciting throughout, both goals having narrow escapes from time to time and Jennings especially going very close on two occasions with quickly taken drives which just scraped the crossbar.

On February 6th, at home for the third week running (what the 2nd XI have said about this sequence is unprintable !) we notched our biggest victory of the season by defeating Old Aloysians 13—0. Jennings gave a magnificent display at centre forward and ably assisted by the remainder of the side scored 10 goals, probably a club record for an individual in any single game. The visitors deserve all praise for trying hard throughout the match but the Hill were irresistible and put on 9 goals in the second half after leading 4—0 on change of ends. After the game the visitors "stayed on" almost to a man, ostensibly to celebrate, but actually we are inclined to believe, in an endeavour to get our centre forward sufficiently drunken to sign transfer forms ! Anyway Cooper's takings were very high that evening.

The following Saturday we entertained National Fire Service (D Zone) at Hazelwood Lane on Broomfield's pitch kindly lent to us at short notice for the occasion. We seemed to have the game "in our pocket" from the start and eventually ran out winners 8—1 although the N.F.S. did not deserve to be beaten by such a heavy margin. The outstanding features of the match were the promising debut of a newcomer, Beverton, at back, and a really fine goal from Jennings shortly after the start when he scored with a terrific drive taken on the run from about 30 yards.

The following week at home we defeated Mayfields somewhat easily by 8 goals to 2, after being 5 goals up at the interval. Comparative newcomers to the side in Bell in goal, Manners left half and Cuff inside forward did well.

On February 27th the Hill drew, away, to old Aloysians 1—1 in a somewhat drab game in which we unfortunately only fielded ten men owing to a misunderstanding in notification. Keenan scored the Hill's goal towards the end of the game and two minutes from time the home side equalised.

In considering the merits of the individuals of the team, we must mention primarily Wiseman in the defence who has played consistently very well indeed at centre-half. As before Jennings is easily our leading goalscorer and has given some grand displays during the season and in particular his shooting has been excellent. The remainder of the side have assisted these two well and in general have played wholeheartedly throughout.

2nd XI REPORT.

During the last three months we have only managed to win four and draw one of the thirteen games played. With perhaps one exception the games have been evenly contested and with a more regular side the number of games won and lost might easily have been reversed.

We started December at home with a strenuous game against "D" Zone of the National Fire Service. The Fire fighters proved much too good for us and led 6—0 at half time. We improved during the second half in which two goals were shared. the final score being 1—7.

On the 12th December we had our usual very good game with the Norsemen. Offer and Pain scored for the Hill, but the Norsemen in their own inimitable style managed to get three and so won an enjoyable game.

The next week we found Alexandra Park Res. in their best form at the Palace and on a wet ground we were well beaten 3—6.

Boxing Day brought our run of losses to an end when we visited Mayfield and won a somewhat lethargic game 1—0. A nearby householder, determined to put the Holiday to good use by digging for victory, had stoked up a really prize bonfire in an adjoining garden. Consequently much of the game was lost in the resulting smoke, but Symmonds emerging unexpectedly through the haze scored the only goal of the match.

We started the New Year with Crown Manor as guests. For this game we were fortunate in having Eldred and Pope as wingers, and they danced their way to victory scoring 4 and 2 respectively. The Visitors played well but could only score twice.

In the teeth of weather straight from the Russian Steppes, we visited Edgware on the 9th January to play Old Aloysians. The frozen state of the ground caused the ball to play amazing tricks but Cullum managed to keep warm just long enough to score a goal which proved to be the only one of the game and which gave us a third consecutive win.

The sequence was however broken the following week when Poly Res. brought a polished side to Fords Grove and gave us an object lesson in soccer, winning comfortably by 6—2.

The 23rd found us under the shadow of the Spurs Ground opposing Old Ignatians who just won an interesting game. Frank Thompson was conspicuous on this occasion for the manner in which he swept a path for himself through all opposition even to the extent of endeavouring to remove the goal post. Having sufficiently dented this last obstacle he was eventually able to score our only goal in reply to the Old Boy's two.

We wound up the month of January with a visit to Wembley where we played R.A.P.C. (London) Res. on Selfridges ground. Their centre forward, a certain Sergeant, was a wizard shot and scored three goals. Our forwards failed to profit by his example, Cullum alone scoring a solitary goal to give our hosts the verdict by 3—1.

February started with a very enjoyable game against Old Colfeians who lent us one of their senior members as a right back. Fortunately for us he knew most of their tricks, and was mainly responsible for holding them to two goals, while Cullum, Barratt and Thompson scoring one apiece notched us a win.

On the 13th February we paid our second visit to Edmonton. Norsemen again proved their ability to pull a game out of the fire for after we had led well on in the second half, they eventually piled on goals to win 6—3.

Against Old Ignatians again on the 20th February Tony Chapman made his first appearance at outside right. Running like the wind he left all the field and sometimes even the ball behind him, but managed to score a useful goal which with others from Thompson and Brown enabled us to draw 3—3.

Our last game to report was at home against Mayfield when Hasemore made a welcome reappearance whilst on leave scoring two goals. Others were obtained by Cullum and Barratt, but our visitors were much the better side and scored eight to our four.

It is difficult to comment on the general performance of the side owing to the very mixed bag of players which the Skipper had to sort out most Saturdays. Suffice it to say that the spirit of the team is as excellent as ever and the versatility of many quite admirable.

Since our last notes Barr, Eve and Doug Groat have joined up, and Eldred sustained a nasty knock which will keep him out of the game for this season.

Bell and Manners played too well for the 2nds and were duly elevated to a higher plane.

Slatter, Offer and Brooke have borne the lions share of the defence; the latter always giving the rest of the side an added measure of confidence.

Buck and Williams have ably supported Bill Earle at half.

Among the forwards Cullum has shown himself a steady and resourceful player and our most consistent scorer. Henry Brown is still a deadly shot given sufficient time and Barratt has supplied the necessary dash to keep the line moving. We are also glad to welcome back "twinkle toes" Pope now reposted to this area after an enforced sojourn in the Midlands.

* * * * *

FORCES NEWS.

We regret that since our last issue we have to report the death of three more members on active service.

Dr. W. Giles a Tennis Member (lost at sea due to enemy action whilst proceeding to his post) Jack Wisher and L. F. Ireland.

There is at last some news to hand of John Kilby and Norman Welsford, but this leaves us with mixed feelings as whilst John is now known to be a Prisoner of War in a Borneo Camp, Norman has been officially reported missing. We, however, still entertain hopes of his well-being especially as we hear that the lists from Japan are in no sort of order and the last one only contained 350 names out of 2,000.

Of the other casualties, Bill Jacques, M.C. is still recovering from his wounds. Gordon Hayward and Vernon Tyrell are prisoners in Italy.

For many months no news has been received of or from any of the following. We hope that all is well with them and would welcome news or current addresses :—T. A. J. Bennett, E. W. Varley, H. G. Locking, E. Bryant, E. Boden, J. M. Beeson, K. H. Midgley, Rev. J. Nickells, R. Vale, J. P. Haynes, H. S. Cooper, E. Blandford, D. Currie, P. Attwood, T. Howson, P. Rollings, E. G. Woollends, F. Kenyon, B. M. Lloyd, C. Grant, J. R. Pyle, W. Bacon, R. Bruce, P. Larkins.

A letter from E. J. King, who has been "lost to view" for many months tells us he is still in the home country, having recently recovered from injuries received in a road smash between the Motor Cycle which he was riding and a Car.

Since the last Bulletin "Airgraphs" have been received from C. S. H. Cooper and A. Dabbs (India) who acknowledged receipt of the Xmas Card and Postal Order, as do also J. V. Hobbs (progressing well in hospital in Johannesburg) and J. Smith (M.E.F.). The last named is the only one in the Middle East known to have received his Xmas letter and this is accounted for by it

having been forwarded from his home at a later date than that when the bulk of the Middle East letters were sent. These are believed to have been lost en route. It has now been decided to send another P.O. to those who failed to receive our Xmas Gift.

Congratulations to Tony Dabbs (India) on obtaining his commission with the Royal Engineers.

Guss Gowers has recently visited a more active sphere of operations, but is expected back in Middle East shortly.

Stafford Hockley now Sergeant Hockley has been taking an intensive Commando course. Judging from his descriptions we shall have some tough guys around when they have all completed their training.

In a letter just received from Frank Hunter he tells us he is in dock for a slight operation, but hasn't yet given up hope of cricket at Fords Grove this coming year.

Jack Pearl has completed his training and looked in at the Club on his Embarkation leave, also on Embarkation leave recently was Doug. Deacock.

Nearly three years ago an incident was reported when Alec Brunton passed Harold Dupont near Dunkirk and sent a message to that effect by someone in the latter's convoy. We now hear of a similar incident near Homs when Sid Garbett (Enfield C.C.) saw Harold—only there was no retreat about it this time. A few days later Harold was with the first troop of the first Tank Batt. into Tripoli and a photograph of him seen "picknicking" in a street of that town was in a London Daily in February.

U R G E N T ! ! !

A request has been made by a member serving with the R.N. (we apologise for the apparent neglect of this service) for a list of others in this service together with if possible the name of the ship in which they are serving, so as to enable him to contact any other member whose ship may be in close proximity.

To enable us to have this list ready for circulation with the next bulletin, will any relations or friends please send the Names and Ships as soon as possible to Mrs. Hancock, 31, Queen Ann's Grove, Enfield, Middlesex. We need hardly remind you, no mention should be made of location.

* * * * *

NEWCOMERS.

As is our practice towards the end of the season, we give below a few details about newcomers to the 1st XI. Unfortunately, space will not allow us to include the 2nd XI as well, but we hope to do something about this in a later issue.

PHIL MANNERS.

A newcomer this year from Grove Athletic, onetime Walthamstow & District League Champions for whom he played outside left. Has now settled down with the 1st XI at left-half; has a useful kick in both feet, a very strong tackle indeed and "heads" well. Opponents may call him rough in his play but we prefer to use the word boisterous!

DON ASHBY.

The youngest member of the 1st XI, came to us from Hillside Rangers of the Finchley League. Like Phil Manners he used to be an outside-left; he is now our regular left back. This is his second season with the Club and it was at the end of last season that he made his debut with the 1st XI. Inclined to be left-footed but offsets this fault with good positional play. A neat tackler with a cool manner.

STAN ("Ding-Dong") BELL.

Yet another winger, "Ding-Dong" is from Woodford Town F.C. After showing unexpected talent as a goalkeeper with the 2nd XI he was promoted to the 1st team and has been playing regularly since. Is particularly good at catching a high ball and at driving at opposing forwards' feet, and so long as he does not mind doing this, we are quite happy.

RAY BEVERTON.

Has only been with us for about a month. Played left-back last year for Cambridge University but has been switched over to the right in our side. Has a nice kick in both feet and uses the ball very well. Being tall and good with his head, he is a difficult man to beat.

* * * * *

REPORT OF PARENT CLUB ANNUAL GENERAL MEETING.

The experiment last year of holding the Annual General Meeting of the Parent Club on a Sunday afternoon was so successful that it was decided to repeat it this year on Sunday, 14th March. The result was even more successful than the previous year as nearly 60 playing and honorary members turned up; in fact a few more would have meant "standing room" only in the Pavilion Lounge. It was especially pleasing to see two old friends Harry Tidy and Charlie Baker who had come over from St. Albans where they are now residing.

The Chairman, popular Jimmie North opened almost promptly to time and asked those present to stand a few moments in memory of those who had passed from our midst. After the reading of the minutes of the previous Meeting, the Chairman referred to the accounts which showed a profit on the years results item for item. Special reference was made to the Refreshment and Bar profits each of which was a record in the Club's history. If this goes on, what will be the results when all the absent ones return!! It was emphasised that the profit was due to 3 reasons—Miss Paulin's (The President) generosity in maintaining the rent reduction, the aforementioned profit on "eats and drinks," and careful expenditure. The equipment could do with some replenishment, particularly Tennis Balls, but with care, the present stock should see the season through, though the question for 1944 is really serious and may mean the closing down of the Tennis Section with the consequent loss of about 60 subscriptions. It has been whispered that there is a glut in the Middle East and India, is this true?

After a short discussion the accounts were passed and the Meeting then considered the alteration of Cricket and Tennis Subscriptions. Under present conditions it has for some time been felt that it would be fairer to most members if the Sunday Subscription were eliminated in both Sections and after an explanation of all the reasons it was unanimously decided that there be one Subscription only—£2 12s. 6d. for Cricket and £2 7s. 6d. for Tennis each to include Sunday play.

Then came the Election of Officers and in no case was any change made. For the benefit of those who have been absent for some time, here they are:—

President—Miss Paulin.

Chairman—J. North.

Hon. Sec.—O. C. Dupont.

Asst. Hon. Sec.—Harold B. Brown.

Hon. Treasurer—Sam Spratley.

Asst. Hon. Treas.—Geo. S. Chester.

Hon. Auditor—Rex Taylor.

Regarding arrangements for the 1943 Season, Alec Hayward the Cricket Secretary, told the Meeting that a very strong fixture list was practically complete including most of our old friends

and continuing the newer ones such as Woodford Wells, Walthamstow and one game against Wanstead, but the high light of the season promised to be the British Empire XI and London Counties, on behalf of the British Red Cross, and the West Indians on behalf of their Comforts Fund. Tennis Matches would be fixed as and when opportunity occurred.

Then came an innovation in the form of a welcome cup of tea and cake which gave the opportunity of a "re-union," and then the 2 Section Meetings the chief items of which were the Election of Section Officers as follows :—Captain, Dick Lister, Vice, Laurie Punchard. Stan Pryke will skipper the 2nd XI with A. S. Reid as Vice. On Sundays Len Thompson will be Vice-Captain when Captain Lister is not playing. Alec Hayward is again Secretary of the Cricket Section and Guv'nor Welsford continues as Team Secretary. On the Tennis side George Chesher and Miss Hilda Brown carry on with their respective captaincies with Joe Chapple again acting as Secretary. In closing just a reminder to all those cricketers who may be on leave during week-ends—send a postcard to the Team Secretary, 28, Woodcroft, N.21 or phone Palmers Green 3643 if a game is indicated. For the Tennis Members on leave, all that is necessary is your presence with Flannels and a racket as it is improbable there will be any Saturday Matches.

* * * * *

CLUB JOTTINGS.

We hear that our 2nd XI Skipper is now almost as well supported after the game as during the game. One occasion in particular, an arctic night in the wilds of Edgware will live long in the memory of those participating, and particularly it is whispered in the mind of Doug Grout making his final last appearance before joining up.

* * * *

A Club tie has been set aside for the future use of David William Grimshaw Earle who arrived in this world on the 12th March, 1943. Anyone who has not yet properly celebrated this event should present themselves in the bar before 7 p.m. at which time the proud father may be seen making a hurried and harrassed exit.

* * * *

Congratulation to L. Sandrock and Miss E. Cowell on the occasion of their recent marriage, also to Eric and Pat Parrott on the birth of a daughter. Yet another addition to the circle of family men is our Secretary Leslie Brown, whose wife presented him with a daughter in January.

* * * *

All who knew Miss Vera Howard perhaps better remembered as Vera Wright, Captain of the Ladies Tennis Section will be sorry to learn of her death after a short illness about two months ago. Wreaths included one from the Club and one from Club members serving in H.M. Forces.

* * * *

As a result of the Boxing Day Charity Match a cheque for £50 1s. 6d. was handed to the Southgate Prisoners of War Relatives Association. This was greatly appreciated by the Association who subsequently sent gifts of Cigarettes labelled from the Winchmore Hill and Broomfield Football Clubs. The proceeds were greatly helped by a special bottle of beer bottled by the Duke of Windsor when Prince of Wales. This was presented by Len Thompson and auctioned by Joe Hulme.

* * * *

The game with Barclays Bank was also made a special occasion, the takings being shared between the Club Comforts Fund and Football Club Funds. As a result of this game and a subsequent auction it is anticipated that about £20 will be shared by the two funds.

Fixture List, Season 1942/43.

Date	1st XI.	Results	2nd XI.	Results
